Financial Environment

During the period under review, the Monetary Policy Committee of the Bank of Mauritius met on one occasion and the Key Repo Rate was reduced to 3.35% .The weighted yield on 364-day Treasury Bills decreased from 3.62% in September 2018 to reach 2.78% in September 2019.

The Mutual Aid Association continued to offer competitive interest rates on deposits and had maintained a premium of 25 basis points to Pensioner depositors during the year under review. As regards to loans and advances, the Association is offering interest rate starting from 4.45% per annum.

Outlook

Looking forward, the business segment in which the Association operates is set to remain turbulent and volatile, with continuing challenges which are outside its span of control. The challenges are impacting on the activities of the Association.

An analysis of Association's key financial information and performance is summarized below.

Principal Activities and nature of customers

The principal activities of the Association are to grant loans to its members and accept deposits from the public. All such activities are carried out at its registered office in Mauritius. The Association has a sub-office in Rodrigues, where loan applications are collected for onward processing in Mauritius.

As regards to its loan activities, the Association deals exclusively with its members based on the principle of mutuality. Regarding deposit taking activities, the Association mobilizes fund from the general public as well as from institutional investors.

Review by business lines

Income

Net interest income

Notwithstanding the pressure on margins, the Mutual Aid Association is continuing to offer competitive interest rates for both its loan and deposit products, a net interest income of Rs 475m was generated for the quarter ended September 2019.

Cost to Income

The Association continues to maintain a relatively low cost to income ratio. For the quarter September 2019, the cost to income ratio stood at about 10.85%, thus showing that a high level of operational efficiency was achieved.
